Accelerated PowerPlatform Adoption with Center of Excellence Enablement 8-Weeks Workshop

Visionet's 8-week Accelerated Power Platform Adoption with Center of Excellence Enablement workshop is designed to help businesses swiftly implement and reap the benefits of Power Platform. This workshop will give you everything you need to know about the suite of low-code tools that can help automate processes, build custom applications, and gain insights from data.

Our team of experienced consultants will guide your organization to enable your Center of Excellence (CoE) team, providing them with the knowledge, skills, and tools they need to drive successful adoption of the Power Platform.

This workshop is ideal for:

| IT admins | CTOs | Business Users | Power Platform Sponsors | App Developers |

What are your benefits:

Assessment workshop
Assess your workloads and provide recommendation for your business needs.

CoE Starter Kit
Enable Starter Kit for your tenant to establish and govern your Center of Excellence

Consultation/training
Train your team for excellence

Modernize to LowCode Apps
Learn best practices to modernize your legacy applications to quickly build and deploy current scalable, and secure apps

Creator & Automation Kit
Enable Creator Kit & Automation for your tenant to swiftly build and automate your Apps

Code Review
Optimize your apps for performance, scalability, and maintainability

ALM Accelerator with Custom Pipelines
Enable end to end CI/CD automated deployment process for your PowerPlatform solutions

Multi-Approval Automated Governance Apps
Enforce your organization's governance policies and compliance with regulations

PCF Theming Pack
Receive training in pre-built components and themes to customize the look and feel of your Power Platform apps

Dataverse Security Management and Risk Assessment Apps
Identify and mitigate security risks, ensuring the confidentiality, integrity, and availability of your data

VISIONET
Accelerated Power Platform Adoption with COE Enablement

Our 8-week Accelerated Power Platform Adoption with Center of Excellence (CoE) Enablement workshop can help your organization:

• **Quickly adopt and implement the Power Platform:** Our workshop is designed to help get the suite of tools up and running smoothly, enabling you to start seeing results faster.

• **Build a strong governance model:** We'll provide a customized plan and governance model for Power Platform adoption, ensuring sustainable implementation that works for your organization.

• **Enable your CoE team:** Our workshop will provide your CoE team with the knowledge, skills, and tools they need to drive successful adoption of the Power Platform.

• **Optimize Performance:** We'll work with your CoE team to continuously optimize the solution's performance, ensuring it remains effective and up to date.

• **Improve Efficiency and Drive Growth:** By streamlining processes and automating tasks, the Power Platform can help you improve efficiency and drive growth.
