VISIONET

LIVE Commerce

Nurture real-time interactive shopping experiences to boost your eCommerce business

With new eCommerce trends shaping the future of online retail, social selling has grown exponentially.

China experienced a growth of \$150 billion in 2020, with livestream shopping sales expected to reach \$300 billion in 2021.

US livestream eCommerce market is expected to reach \$11 billion by 2021, and **\$25 billion** by 2023.

Live Commerce by Visionet

Live Commerce is a next-generation live streaming eCommerce platform where brands can create shopping channels and host live streaming shows to sell directly to a global audience and achieve rapid scale.

Boost quick conversions

Blend entertainment with instant shopping to keep the viewers watching longer, giving them the best customer experience that improves conversions. Generate product reviews and insights to foster trust. Make impulse buying effortless through in-video high-speed checkout without leaving the experience.

Engage live.
Accelerate conversions.
All in real time.

Deliver brand-owned experiences

Retain your branded experience completely to drive web traffic and increase mass appeal. Moderate chats and interactions as well as own real-time analytics data.

Achieve competitive differentiation

Use powerful technology that enables an unrivaled live shopping experience for consumers where they can seamlessly connect, interact and purchase at the same time.

Minimize time to value

Go live in just 3-4 weeks with a cloud-hosted SaaS platform that offers plug-and-play functionality.

Enable seamless eCommerce integration

Integrate with your existing eCommerce platform and sync product feed without a hassle.
